USPA NEWS - The ability to see new opportunities where no one else sees them, the willingness to stand up for your position and defend your vision until you win, the strength to go from nothing to completion, and to benefit so many people ““ that is the way of the leaders and winners.

The ability to see new opportunities where no one else sees them, the willingness to stand up for your position and defend your vision until you win, the strength to go from nothing to completion, and to benefit so many people ““ that is the way of the leaders and winners.

This is the way of Utopia Corporation, this year's winner of the Luxury Lifestyle Awards in the category of The Best Luxury Real Estate Developer in Phuket, Thailand. The company has built and created an ideal living environment in a number of luxury residential properties in prime locations in Phuket. Utopia Karon, one of these properties, has also been recognized as the LLA winner in the category of The Best Luxury Residential Development in Phuket.

Utopia Corporation was established in 2015, having seen the huge investment potential of Phuket, with the goal of solving the fragmentation of the services and offerings on the island by creating a masterplan that would integrate all its businesses harmoniously. The company has shown high efficiency, and today it is the largest real estate developer on the "island of beaches."

Utopia Corporation is a real estate group with extensive expertise in the development of condominiums, villas, hotels, entertainment facilities, and housing. It provides a wide range of services, among which architectural and interior design, construction, hotel operation and management, tourism services, financial and investment services for real estate and rental management. However, the company goes beyond the usual real estate development company, providing comprehensive support in matters of investment and at all stages of cooperation, from project planning to aftercare service. Such full support is the privilege of all Utopia Corporation clients, including corporate and individual investors, real estate buyers, temporary residents, and tourists.

Currently, the company has 10 projects on the island of Phuket. The fifth of these projects is Utopia Karon, a condominium complex designed to resemble a 5-star hotel. The property is located on the top of a prime hill, just 800 meters from Karon Beach, one of the most beautiful beaches in Phuket. The magnificent location provides breathtaking views of the Andaman Sea. Utopia Karon offers 238 one- and two-bedroom apartments ranging in size from 33 to 68 square meters. 1-bedroom apartments have a spacious living room, bedroom, kitchen, dining room, bathroom, and a large outdoor terrace with a jacuzzi. Owners of 2-bedroom apartments enjoy two en suite bedrooms, a separate dining room, and a terrace with a jacuzzi.

Utopia Karon, like any other Utopia Corporation development project, is a unique property whose maintenance and support continues even after the sale. Investors continue to enjoy all the benefits that visitors to 5-star hotels enjoy. Utopia Karon services include 24-hour reception, 24-hour security, a world-class restaurant, a stunning mountain top pool, and room services. Property investors are guaranteed an annual return of investment, free stays per year at any Utopia Hotel, as well as a beach shuttle bus service and shuttle service connecting all Utopia Corporation projects in Phuket.
